## About This Game

Step into the world of wrestling in World Total Extreme Wrestling 2010. In this simulation title, you play the role of a wrestling promoter, and it is up to you to steer your company to the top of the industry! You are in control of everything – deal with superstar egos, negotiate through wars and alliances with other wrestling promotions, and deal with the demands of TV networks. Do you have what it takes to lead your wrestling promotion to the top of the industry?

### Features:

- The most accurate wrestling simulator ever made, including wrestlers with styles that can change and over time due to injury, age, or skill level changes.
- The in-depth editor tools allow players to create their own databases, including a Quick Wrestler Creator.
- The "Create a Product" mode allows you to fine tune a promotion's style to your exact specifications, from specifying how long matches are expected to last to how much appeal the promotion has to mainstream audiences.
- User Characters allow you to enter the game world, and take part in shows, whether you want to be a wrestler, an announcer, or simply stay backstage away from the cameras. Grant specific strengths to your created characters.

- 
- The new title lineage feature allows you to pre-set histories for any championship in the game, allowing wrestler's old title reigns to be recognized.
  - The Game World Balancer automatically makes sure that there is a good distribution around the world of key staff like announcers and referees.
  - Advance Booking mode allows you to pre-advertise matches of any type for your upcoming shows.
  - All title belts have a prestige value, meaning you can try to raise certain championships in the eyes of the fans.
  - In-depth merchandise settings.
  - Promotions can now have up to three different brands within the company.
  - Fatigue affects wrestlers, meaning careful wrestler management is a key skill.
  - Drag and Drop Booking.
  - User Preferences allow you to maximize your ability to customize the gameplay experience.
  - Narratives allow for an element of storytelling in the game world. The user can pre-set certain events to happen on specific days, along with the optional ability to create a story explaining the event that will appear on the in-game web site.
  - Much, much more!

I gotta say this game is slightly better than Shadows 2 Perfidia in terms of graphics.

But less play time, i mean i gotta wait for 5-10 minutes to get to 3 AM?

Less scary too.

Thank god i bought it when it's on sale.

And a positive just because i like the animatronics design.

6/10.. Fun game, easy game play after a few hours, TOP GUN theme and an addictive plane game.

See you online :). they should not have said it was a co-op and multi player game if you can't play it that way i wanted to play with my bro and made him buy it and it doesn't let you on pc only gamesystems like xbox 360 or ps3 s don't show it like that other then that the graphics look cool but it lied to us so i recommend t play but no if you buy it for co-op. as a achievement collector, i can't recommend this game. There is an achievement that requires more than 4+ hours to get it. And I hate games that don't require skills but excessive playtime.. 3 Hours to finish game's 8 floors. Fun and fast paced for a Dungeon Crawler. Worth the \$5.

nice clicker.it's better than some Next gen.. Good game already. Simple, but with some interesting nuance. Interested to see whats in the future for this game.. The game is fun and addictive. Each of the four airports has two ways to play giving a total of 8 different ways to interact with the game. It is not a simulation but just a fun game.. It's like a budget VVVVV or how many ♥♥♥♥ing V's there are. Not as good but a fifth of the price.. Couldn't swim.  
Got killed by a mouthy dwarf.  
10/10 Would buy again
